

The **Evanesce Tab-Tension** is a versatile in-ceiling projection screen that conveniently disappears from view when not in use. It can be installed from within the above-ceiling airspace or from below thanks to its removable base panels that were originally designed for the European market. Its award-winning CineWhite™ 1.1 gain matte white tensioned-material provides superb color temperature with wide diffusion uniformity. The screen is moved by a strong, fast-acting tubular motor and comes with a full IR/RF wireless, 12-volt trigger and Ethernet control package.

Screen Material

- Award winning CineWhite™ 1.1 Gain black backed matte white screen material
- 180° wide-viewing angle
- 4K Ultra HD, Active 3D, and HDR Ready
- Tab-tension cords provide uniform flatness on entire projection surface
- Standard 8" top drop
- Available in the following diagonal sizes:
 - 100", 106", 120" and 135" in 16:9 format

- Low voltage 3-way wall switch and in-wall RJ45 module included
- Standard 5-12 volt trigger to synchronize screen operation with the projector's power cycle
- Optional in-wall up/down switch (part# ZIW-W)

Quality & Reliability

- ETL, FCC, CE, CB GOSTCE & ISO9001:2008
- Conforms to UL 2043 - Plenum Rated: Suitable for air-handling spaces
- 5-year manufacturer's warranty
