OUTDOOR ELECTRIC TENSION PRO SERIES

The *Outdoor Electric Tension Pro Series* by Elite ProAV is an outdoor electric projection screen for outdoor applications and has an IP33 rating for protection against water and outdoor elements. Its tab-tension design ensures a perfectly flat projection surface that is compatible with ultra, short, or standard-throw projectors. The CineWhite® front projection material provides excellent brightness uniformity, color reproduction with superb image clarity for engaging nighttime movie presentations.

Screen Material

- CineWhite® 1.1 gain material with 180° wide viewing angle
- Standard 4-side black masking borders absorb projector overshoot while enhancing visual contrast
- Compatible with standard, short-throw, and UST projectors
- Black backing eliminates light penetration for enhanced brightness and color saturation to prevent picture degradation
- Compatible with Full HD, Ultra HD (4K/8K), HDR and Active 3D projectors.
- ISF Certified for accurate color reproduction – An industry standard for high-fidelity visual display systems
- Available in diagonal sizes 110", 125" and 140" in a 16:9 aspect ratio

Design & Installation

- Outdoor design without compromising home theater appearance
- Ideal for backyards, patios, pool decks, and recreation room installations
- Rust-resistant aluminum brackets for wall/ceiling installations
- Suspended ceiling installation capable using adaptor bracket
- Tab-tension design provides uniform flatness over the entire screen surface
- IP33 Rated for protection against water spray less than 60 degrees from vertical
- Radio Frequency remote and Wireless 12-volt projector trigger included for operation
- 5-year manufacturer's warranty
