

## PRO FRAME PLUS SERIES

The **Pro Frame Plus series** is our newest fixed frame projection screen line designed for applications requiring large presentations. Comes in our theater-grade CineWhite® front projection material which accommodates a wide viewing angle with wide diffusion uniformity. Split-frame design makes installation easy and less time consuming.

### Screen Material

- CineWhite® (matte white) tensioned front projection material
- 1.1 Gain with black backing
- 180° wide viewing angle for outstanding picture quality
- Active 3D, 4K Ultra HD, and HDR Ready
- Mildew Resistant material
- Available in diagonal sizes 250" and 300" in 16:9 HDTV aspect ratio

### Design & Assembly

- Anodized black aluminum 3.5" thick frame with black velour surface
- Sliding wall brackets allow easy flush wall mounting on wood studs or any other secure installation point
- Black borders absorb projector overshoot and increases picture contrast
- Ideal for Stadiums, House of Worship, Auditoriums, Concert Halls, etc.
- 5-year limited manufacturer's warranty
