

PRO MASTER SERIES

The **ProMaster** is a portable X-Large folding frame Indoor/Outdoor projector screen designed to deliver big-screen impact anywhere. This professional-grade, collapsible projector screen was engineered for large venues, high-traffic events, and demanding commercial environments. Designed for rapid setup and rock-solid stability, it's the ideal solution for rental and staging, corporate presentations, houses of worship, outdoor movie nights, and touring productions. The entire product conveniently fits in a traveler-friendly carry bag for storage and protection.

Screen Material

- CineWhite® UHD-B 1.3 Gain matte white front projection surface
- Wide viewing angle allows viewers to enjoy consistent brightness and color accuracy from nearly any seat in the room
- Ideal for large group gatherings and wide seating arrangements
- Compatible with ultra, short and standard throw projectors
- 4-sided black masking borders enhances picture contrast and absorbs projector overshoot
- Black backing prevents picture degradation while enhancing image brightness for sharper presentations
- 4K/8K Ultra HD, and HDR Ready
