

SAKER SERIES

The Saker Series is an electric projection screen that embodies all the virtues of quality, durability, and aesthetic value. It utilizes our Max-White® Fiberglass (FG) material which has a wide viewing angle to allow the audience to see the image from anywhere in the room. The enameled aluminum casing has a stylish arcuate profile that is best suited to the aesthetics of interior design. To make installation easy, the Saker comes fully assembled with sliding wall mounts to ensure that it will be properly centered in every installation.

Screen Material & Design

- MaxWhite® Fiberglass (1.1 Gain) matte white fiberglass-backed material
- Wide viewing angle and uniformly diffuses light in all directions
- Active 3D, 4K Ultra HD, and HDR Ready
- Not compatible with Ultra/Short-throw Projectors
- Standard black masking borders and black screen backing
- Arcuate profile aluminum enamel white case with parallel grooves
- Extra top black masking border for high ceiling installations
- Plug & Play ready, no hardwire installation required
- Available in the following diagonal sizes:
 - 100", 110", 120", 135", 150" and 180" in 16:9 aspect ratio
 - 100" in 16:10 aspect ratio

Controls & Installation

- Flush wall/ceiling mounts allow screen to slide horizontally for proper centering
- Internal Radio Frequency/Infrared receivers with IR, RF remotes included
- Detachable 3-way wall switch keypad for UP/STOP/DOWN manual operation
- Wireless 5-12 volt trigger included
- Synchronous motor has silent operation and low power consumption (applies to diagonal sizes 100", 110", and 120")
- Tubular allows swift operation with a superior weight tolerance and operational lifespan (applies to sizes 135", 150", and 180")
- 5-year limited manufacturer's warranty
