

TENSION PRO SERIES

Elite ProAV's *Tension Pro Series* is a large-venue motorized retractable projector screen. It features superior flatness using a tab-tensioned system design and is available in sizes from 200" – 300" in a 16:9 (HDTV) aspect ratio. Standard accessories include Infrared and Radio Frequency remote controls, a wall box controller, and 12-volt capability to synchronize the screen's operation with the projector's power cycle. The Tension Pro is ideal for projection presentations in auditoriums, gymnasiums, or any other large venue indoor environments.

Screen Material

- CineWhite® 1.1 Gain (tensioned matte white) front projection surface
- Wide diffusion uniformity allows viewers to see a clear bright picture from any angle
- Compatible with standard "Long-Throw", Short Throw and Ultra Short Throw (UST) projectors
- Standard black masking borders absorb projector overshoot while enhancing visual contrast
- Black backing eliminates light penetration for a sharper, brighter, and clearer picture
- Available in the following range of diagonal sizes:
 - 200", 235", 250", and 300" in 16:9 aspect ratio
- 5-Year Premium Warranty by Elite ProAV

Controls, Design & Installation

- User-friendly programmable vertical drop position for easy installation (RC1 Version Only)
- Wall box controller is detachable for a clean look while maintaining RF & IR functionality
- Built-in selectable channels allow one RF remote programming to control multiple screens (RC1 Version Only)
- 12v trigger feature allows the screen's UP/DOWN operation to synchronize with the projector's power cycle
- Heavy-duty aluminum casing
- Tab-tensioned design provides a flat and taut projection surface
- Dual wall/ceiling mounting points on 200" models only
- Ring bolts included for suspended ceiling installation (models 235"-300")
