

TENSION PRO MAX SERIES

The **Tension Pro Max Series** elevates large-venue projection to a higher standard with its motorized, tab-tensioned design that delivers exceptional surface flatness at an impressive scale. Available in expansive 325" and 350" diagonal sizes with a 16:9 (HDTV) aspect ratio, it's built to command attention in any auditorium or gymnasium, and other grand professional grade presentation spaces. It is fully equipped with IR/RF remotes, a wall box controller, and a 12-volt trigger for seamless integration with your projector's power cycle.

Screen Material

- CineWhite® 1.1 Gain matte white front projection surface
- Wide viewing angle allows viewers to see a clear bright picture from any seat in the room
- Compatible with ultra, short and standard throw projectors
- 4-sided black masking borders enhance picture contrast and formats the picture
- Black backing prevents picture degradation while enhancing image brightness for sharper presentations
- ISF Certified for accurate color reproduction
- 4K/8K Ultra HD Compatible Ready
