

SAKER TAB-TENSION CLR®-S

Ambient & Ceiling Light Rejecting® Projection Screen

Tab-tension design helps maintain a flat projection surface

Internal RF / IR receivers with remotes, 3-Way Wall switch and 5-12 volt wireless projector trigger included

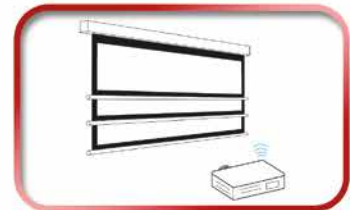

Sliding brackets included for flush wall/ceiling installation

Optional Suspended Ceiling Installation

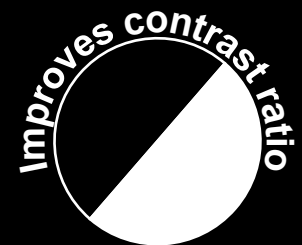

CineGrey 5D® 1.5 Gain Ceiling Light Rejecting (CLR) Front projection material

5-12 volt wireless trigger capable for synchronized screen operation with the projector's power cycle

TURNING OFF THE LIGHTS IS INCONVENIENT!

Cinegrey 5D® negates the washout effects of ambient light for bright and clear picture quality under normal room lighting conditions.

Now operating 4 US regional warehouses in California, Texas, Georgia, & Maryland
